

A Product Theater, a sales/marketing presentation on your product or service, is the ultimate opportunity to deliver your message to attendees at the American Headache Society (AHS) 60th Annual Scientific Meeting. Exhibitors are given the opportunity to present a Product Theater. To maximize attendance, presentations are scheduled without conflict of other Product Theaters. The Product Theater will be advertised by the AHS in the Final Program and on the entrance unit leading into the Exhibit Hall. These non- CME presentations allow you to showcase your product or service, however, they must remain within FDA guidelines. The Product Theater presentations are done in a designated area outside of the Exhibit Hall. Product Theaters are available to companies with an FDA-approved product/service.
