## Virtual Scottsdale Headache Symposium®

### Preliminary Program\*

*\*subject to change*

<b>Launch Date: November 21, 2020</b>
<b>Opening Remarks</b> Peter J. Goadsby, MD, PhD, FAHS, President  Stewart J. Tepper, MD, FAHS, Co-chair, Scottsdale Program Planning Committee  Christine L. Lay, MD, FAHS, Co-chair, Scottsdale Program Planning Committee  Deborah I. Friedman, MD, MPH, FAHS, Co-chair, Scottsdale Program Planning Committee
<b>The Anatomy of Headache and Orofacial Pain: An Interventional Based Cadaver Course</b>
Temporomandibular Disorders: Diagnosis and Management
Cranial Neuralgias: Nerve Blocks and Other Interventional Procedures
Cadaver Dissection Session
<b>Headache Cooperative of the Pacific (HCOP)</b>
SIH
Neuro-ophthalmology and Headache
Letters from the List Serv
Moving the Needle

Patient Advocacy and the Role of the NP in Managing Headache Patients
<b>Headache 101</b>
Diagnostic Pearls
Pathophysiology
Acute Treatment
Prevention of Chronic Migraine
TACs
Pediatrics
Behavioral
<b>Advanced Course: Neuroinflammation and Migraine</b>
Overview of Neuroinflammation
Inflammatory Priming of Dura
Meningeal Lymphatics, CGRP and AM
Sex and Stress on Meningeal Immune Cells
Treg Cells in Headache
CSD Activation of Meningeal Immune Cells
Dural Mast Cells
<b>NP / PA – The Bridge</b>
Diagnosis
Risk Factors
Pathophysiology
Acute Medications

Prevention
<b>Plenary I: What's New in Diagnosis, Pathophysiology and Treatment</b>
Diagnostic Pearls and Pitfalls
Migraine Epidemiology
Applied Migraine Pathophysiology
Acute Migraine Treatment
Migraine Preventive Treatment
<b>Plenary II: Advanced Headache</b>
Chronic Migraine
Cluster Headache
Images in Headache: Test Your Knowledge
<b>Plenary III: Steven B. Graff-Radford Award Lectureship</b>
<b>Plenary IV: Vascular Controversies in Migraine</b>
Should I Prescribe these New Therapies to my Patient?
Is my Patient with Migraine at Risk for Stroke?
Does my Patient have a Primary Headache or a Vascular Secondary Headache?
Can my Patient with Migraine use Hormonal Therapies?
Triptans and Vascular Disease – Are my Fears Justified?
<b>The Answer Is.....</b>
<b>Plenary V: Cutting Edge / Emerging Therapies</b>
Anti-CGRP Therapies

Beyond CGRP: New and Emerging Therapies
Neuromodulation
<b>Frontiers in Headache Research Award Lectures</b>
<b>Plenary VI: Women's Health</b>
Women's Health Science Award Lecture
Pregnancy Post-Partum / Conception
Adolescent Migraine
Peri-Menopause and Menopause
<b>Injection Training</b>
Neurotoxin Therapy and Demonstration
Nerve Blocks and Demonstration
<b>Basic Science</b>
Potential Mechanistic Synergy in Migraine Therapy
Glymphatics
Pre-Clinical Models of Headache
Statistical Issues in Scientific Research
<b>Secondary Headaches – Post-traumatic Headache / CSF Pressure</b>
Post-traumatic Headache Management in Pediatric and Adults
High CSF Pressure
Low CSF Pressure
Neuroimaging
<b>Pediatrics</b>

Pediatric Use of New Therapies
Headache Hygiene (lifestyle and school)
Migraine Reduction Therapies
Challenging Cases
<b>TACs and Other Primary Headaches</b>
Other TACs: HC and PH
Cranial Neuralgias and SUNCT
Other Primary Headaches
<b>Case Studies</b>
Journals and Publications
<i>HEADACHE</i> ®
Book Review
<b>Advocacy</b>
American Migraine Foundation – Past, Present, Future & Employer/Employee Advocacy
AHDA – Legislative Advocacy
HMPF: Headache & Migraine Policy
AHS: Clinician Advocacy
<b>Vestibular / Sleep</b>
Sleep Didactic
Basics of Vestibular Migraine
Demonstration

<b>Behavioral and Wellness</b>
Adult Challenging Cases
Peds Challenging Cases
Mindfulness and Behavioral Apps
Demonstration
<b>Practice Management</b>
Basic Coding
Advanced Coding
Practice Management Overview
