

Media Guidelines for Exhibitors, Presenters, Satellite Symposia Organizers/Participants and others attending the 2021 Virtual Annual Scientific Meeting of The American Headache Society

General Information

The 2021 Virtual Annual Scientific Meeting of the American Headache Society (AHS) will be held virtually. The meeting is a recognized forum for peer-reviewed presentations of new research by headache experts from around the world. As such, it provides an excellent opportunity to present new science, products and technological advancements to the profession.

Press Briefings or Other Unaffiliated Events

AHS strictly prohibits any press briefings or other events not formally affiliated with the AHS Annual Meeting (e.g., satellite symposia) on any topic related to the research, scientific presentations or content of the AHS Virtual Annual Meeting on the meeting virtual platform or other online and/or physical locations at any time during the dates and hours of the meeting.

Embargo Policy

The AHS embargo policies are strictly enforced. Unless otherwise noted, all data presented at AHS 2021 are embargoed until 11 AM PT/2 PM ET on Wednesday, June 2. Violation of the embargo policy by release of information contained in any abstract prior to its embargoed date and time can result in the individual and affiliated company or institution being removed from the AHS 2021 Virtual Annual Scientific Meeting, with potential two-year ban on returning. The AHS reserves the right to lift the embargo on specific abstracts that are selected for promotion prior to or during the 2021 Virtual Annual Scientific Meeting. Should a decision be made about a specific embargo lift, AHS will coordinate closely with the company or research institution to ensure alignment.
